BARCODE REQUEST - ASPLEY MEMBERS

Aspley Orchid Society will begin using Barcodes on all sales plants at our 2019 February Orchid Show. Barcodes will be provided free of charge to all who sell plants at our shows.

If you intend selling plants at our February Show, please complete the form below so we can enter your details into Aspley's Barcode Database and provide you with barcodes for your sale plants. If you have been allocated a Barcode by another society we will attempt to provide you with the same Barcode.

It is better to overestimate the number of barcodes you might require for each amount, but within reason. If you have sold plants at any of our recent shows, a list of values you have used can be provided to assist you in your selection.

Additional Barcodes for **registered members** can be organised during setup on the Friday of the show at the Mt Coot-tha Auditorium. However if possible we would like to keep this activity to a minimum.

Please hand the completed form to Chris Duffy at one of our meetings, post to C Duffy, 234 Lyndhurst Road, Boondall 4034 or Email to duffyce@bigpond.net.au .

It would be appreciated if this information could be provided by the 15th November day meeting so that the Cash Register Barcode System can be set up and tested and Barcodes distributed during December/January. If you are unsure if you will be selling plants, late applications will be accepted up until the week before the show.

Please contact Chris Duffy (07 3265 3338) if you have questions regarding the barcodes.
